ACADEMIC DISMISSAL
An update on academic dismissal for clinical reasons (Price Shelia S., Andes John O.), Dec. 747-9

ABSENTEEISM
Faculty and student perceptions of absenteeism (ZapateroDagoberto G., Strauss Ronald P.) 527-9

ANNUAL SESSION
Abstracts of educational exhibits, Jan. 60-66
Abstracts of educational research, Jan. 25-42
Abstracts of educational programs presentations Jan. 43-59
Abstracts of poster sessions, Jan. 67-80
Executive Committee, Jan. 24
Keynote address (Sullivan Louis W.), Jun. 311-13
67th AADS Annual Session Program, Jan. 9-23
See Proceedings, 67th Annual Session

ANOREXIA NERVOSA
Bulimia and Anorexia Nervosa in dental and dental hygiene curricula (Gross Karen B.W., Mayberry William E., Feil Philip H., and Cowan Robert D.), Mar. 210-12

ASSOCIATION REPORT: Committee on Information Technology
A brief history of the AADS Information Technology Committee (Eisner John), Oct. 592
The AADS strategic plan for dental informatics (Cameron Cheryl A.), Oct. 593-4
Patient Simulation Consortium (Johnson Lynn A.), Oct. 595
Decision support and the beginnings of a consortium (Abbey Louis M.), Oct. 596
Consoritium On Multi-Media Information Technology to Enrich Dentistry—COMMITTED (Spohn Eric, and Hardison J. David), Oct. 597
The developing Electronic Curriculum Consortium (Eisner John), Oct. 598
The national and international dimensions of dental informatics (Salley John), Oct. 599
Dental informatics: Strategic issues for the dental profession (Zimmerman John), Oct. 600-1

— B —

BULIMIA
Bulimia and Anorexia Nervosa in dental and dental hygiene curricula (Gross Karen B.W., Mayberry William E., Feil Philip H., and Cowan Robert D.), Mar. 210-12

— C —

CANADA
Self-perceived needs for faculty development at Canadian dental schools (Harrison Rosamund L., and Forgay Margery G.), Apr. 240-3

CAVITY PREPARATION
A comparison of two bur designs for preparation of the proximal box of class II cavities by students (Bloxham Graeme P., Chandler Nicholas P., and Stirling Jennifer A.), May 288-90
Production of artificial lessions for teaching cavity preparation in the phantom head (Treasure Patrick), May 291-2

CHILD ABUSE
Instruction in child abuse and neglect in the predoctoral curriculum (Posnick William R., and Donly Kevin J.), Feb. 158-9

CHILD BEHAVIOR MANAGEMENT
Development of confidence in child behavior management through role playing (Kress Gerard C. Jr., and Ehrlich Melvin A.), Oct. 619-22

COMMUNITY SERVICE
An analysis of community service activities in U.S. dental schools (Williams John N., Butters Janice M., and Gambrall Donald L.), Mar. 207-9

COMPUTERS
Microcomputer elective for senior dental students (Feldman Cecile A.), Sept. 570-8

CURRICULUM
Bulimia and Anorexia Nervosa in dental and dental hygiene curricula (Gross Karen B.W., Mayberry William E., Feil Philip H., and Cowan Robert D.), Mar. 210-12
Curriculum guidelines on forensic dentistry, June 334-6
Curriculum guidelines for management of medical emergencies in dental eduction, June 337-8
Curriculum guidelines for training general practice residents to treat the person with a handicap, May 293-6
Curriculum guidelines for pharmacology, May 297-303
Curriculum guidelines for physical evaluation, June 339-41
Dental hygiene curriculum model for transition to future roles (Paarman Carlene S., Herzog Anita, Christie Carole R., and Couns M.), Mar. 199-204
Instruction in child abuse and neglect in the predoctoral curriculum (Posnick William R., and Donly Kevin J.), Feb. 158-9
Marketing curricula in U.S. dental schools (Cunningham Marsha A., DiAngelis Anthony J., Manski Richard J.), May 286-7

CANADA
Self-perceived needs for faculty development at Canadian dental schools (Harrison Rosamund L., and Forgay Margery G.), Apr. 240-3

CAVITY PREPARATION
A comparison of two bur designs for preparation of the proximal box of class II cavities by students (Bloxham Graeme P., Chandler Nicholas P., and Stirling Jennifer A.), May 288-90
Production of artificial lessions for teaching cavity preparation in the phantom head (Treasure Patrick), May 291-2

CHILD ABUSE
Instruction in child abuse and neglect in the predoctoral curriculum (Posnick William R., and Donly Kevin J.), Feb. 158-9

CHILD BEHAVIOR MANAGEMENT
Development of confidence in child behavior management through role playing (Kress Gerard C. Jr., and Ehrlich Melvin A.), Oct. 619-22

COMMUNITY SERVICE
An analysis of community service activities in U.S. dental schools (Williams John N., Butters Janice M., and Gambrall Donald L.), Mar. 207-9

COMPUTERS
Microcomputer elective for senior dental students (Feldman Cecile A.), Sept. 570-8

CURRICULUM
Bulimia and Anorexia Nervosa in dental and dental hygiene curricula (Gross Karen B.W., Mayberry William E., Feil Philip H., and Cowan Robert D.), Mar. 210-12
Curriculum guidelines on forensic dentistry, June 334-6
Curriculum guidelines for management of medical emergencies in dental eduction, June 337-8
Curriculum guidelines for training general practice residents to treat the person with a handicap, May 293-6
Curriculum guidelines for pharmacology, May 297-303
Curriculum guidelines for physical evaluation, June 339-41
Dental hygiene curriculum model for transition to future roles (Paarman Carlene S., Herzog Anita, Christie Carole R., and Couns M.), Mar. 199-204
Instruction in child abuse and neglect in the predoctoral curriculum (Posnick William R., and Donly Kevin J.), Feb. 158-9
Marketing curricula in U.S. dental schools (Cunningham Marsha A., DiAngelis Anthony J., Manski Richard J.), May 286-7

Where is quality assurance going in dental school curricula (Loupe Michael J.), Apr. 233-6
Teaching a comprehensive orofacial pain course in dental curriculum (Gonty Arthur A.), June 319-22

— D —

DENTAL ADMISSION TEST
Incidence of measurement disturbances in the Dental Admission Quantative Reasoning Test (Smith Richard M., Kramer Gene A., Kubiak Anna T.), June 314-8

DENTAL HYGIENE
Dental hygiene curriculum model for transition to future roles (Paarman Carlene S., Herzog Anita, Christie Carole R., and Couns M.), Mar. 199-204
Characteristics of dental hygienists who are faculty members in baccalaureate dental hygiene programs (Glick Nancy L.), June 323-5
Trends in dental hygiene applicant pool size and characteristics of students upon entry over three decades (Walsh Margaret M., and Ishida Helen), Oct. 602-8

DENTAL LICENSING BOARDS
An analysis of prosthodontic procedures evaluated by state and regional dental licensing boards (Nimmo Arthur, and Johnson Peter), May 279-82

DENTAL PERSONNEL
A comparison of in-service teaching methods on clinic aspesis for dental personnel (Fotos Pete G., DeBiase Christina B., Bowers Dale C., and Jakobsen Jane), Apr. 248-9
Special Report: Errors in federal report on dental health personnel present problems (Solomon Eric S.), Aug. 499-501

DENTAL SCHOOLS
Dental implantology in U.S. dental schools (Bavitz J. Bruce), Mar. 205
An analysis of community service activities in U.S. dental schools (Williams John N., Butters Janice M., and Gambrall Donald L.), Mar. 207-9
Assignment of dental school patients using periodontal treatment need indices (Mubarak Ala, and Gjermo Per), Mar. 213-5
Smoking policies of U.S. dental schools (Cheney H. Gordon), Mar. 216-7
Self-perceived needs for faculty development at Canadian dental schools (Harrison Rosamund L., and Forgay Margery G.), Apr. 240-3
Marketing curricula in U.S. dental schools (Cunningham Marsha A., DiAngelis Anthony J., Manski Richard J.), May 286-7
Tobacco use cessation curricula in U.S. dental schools and dental hygiene programs (Fried Jacquelyn L., and Rubinstein-DeVore Linda), Dec. 730-5
Dental school-based continuing education in tobacco use cessation counseling for oral health care providers (Geboy Michael J.), Dec. 736-8

DENTAL STUDENTS
The relationship of Bi/Polar personality patterns with self-esteem, stress, and satisfaction in dental school (Mozer James E.), Feb. 153-7
Hand, Foot, and Mouth Disease primarily diagnosed as Hypochondriasis (Davidson Michael J., Peters Donald D., Leider Allan S.), June 326-7
Standardized patients for the assessment of dental students' clinical skills (Johnson Judy A., Kopp Kevin C., Williams Reed G.), June 331-3
Faculty and student perceptions of absenteeism (Zapatero Dagoberto G., Strauss Ronald P.) 527-9

DENTAL TECHNOLOGY EDUCATION
Assessment of factors related to faculty attrition in dental technology education (Kimondollo Pius M.), Apr. 250-2

DEVELOPMENTALLY DISABLED
A predoctoral program in dental care for the developmentally disabled (Ferguson Fred S., Berentsen Barbara J., Marinelli Rosalie D., and Richardson Peggy S.), Sept. 576-8

DIRECTORY OF ASSOCIATION OFFICERS
Executive Committee, July 482
Council Rosters, July 483-7
Section Officers, July 488-91
AADS Representatives to other organizations, July 492

— F —

FACULTY
Faculty and student perceptions of absenteeism (Zapatero Dagoberto G., Strauss Ronald P.) 527-9

FACULTY ATTRITION
Assessment of factors related to faculty attrition in dental technology education (Kimondollo Pius M.), Apr. 250-2

FACULTY DEVELOPMENT
Self-perceived needs for faculty development at Canadian dental schools (Harrison Rosamund L., and Forgay Margery G.), Apr. 240-3
Significant speech: Faculty development (Allen DonL.), May 266-7

FACULTY STATUS
Faculty status in a climate of change (Kennedy James E.), May 268-72
Information Abstract: Promotion and appointment to administrative positions of dental school faculty by gender, Aug. 530-4

FINANCIAL INCENTIVE
Effect of financial incentive on productivity in a postgraduate general dentistry program (Jensen Oivind E., Brunette Phyllis M., and Handelman Stanley L.), Apr. 237-9

— G —

GENERAL DENTISTRY PROGRAM
Effect of financial incentive on productivity in a postgraduate general dentistry program (Jensen Oivind E., Brunette Phyllis M., and Handelman Stanley L.), Apr. 237-9

GENERAL PRACTICE RESIDENCY
Curriculum guidelines for training general practice residents to treat the person with a handicap, May 293-6

GERIATRIC EDUCATION
Abstracts of the special meeting on geriatrics, July 474-81
Effect of geriatric education experience on graduates activities and attitudes (Ettinger R.L., McLeran H., and Jakobsen J.), May 273-8

— H —

HYPOCHONDRIASIS
Hand, Foot, and Mouth Disease primarily diagnosed as Hypochondriasis (Davidson Michael J., Peters Donald D., Leider Allan S.), June 326-7

— I —

IMPLANTOLOGY
Dental implantology in U.S. dental schools (Bavitz J. Bruce), Mar. 205

INFECTION CONTROL
Do dentists have sufficient information about their patients to control infection? (Hazelkorn Herbert M.), Feb. 149-52
A potential for cross-contamination within a dental school environment (Miller Robert C., Abbott Katherine A., Collard Earl W., Duncanson Manville G. Jr., and Willer Richard D.), Feb. 160-2
Continuing progress in infection control in U.S. dental schools (Merchant Virginia A., Molinari John A.), Aug. 521-6

— N —

NEGLECT
Instruction in child abuse and neglect in the predoctoral curriculum (Posnick William R., and Donly Kevin J.), Feb. 158-9

NUTRITION
Preface to the special section on nutrition education (Alvares Olav), Aug. 502
Nutrition in the curriculum: Medical experience (Shils Maurice E.), Aug. 502-5
Nutrition education in the dental school at the University of Texas Health Science Center at San Antonio (Craig Jean L.), Aug. 506-9
Nutrition education in the dental curriculum: Seattle model (Faine Mary P.), Aug. 510-2
Applied nutrition in dental education; issues and challenges (Palmer Carole A.), Aug. 513-8
Summary of panel discussion (Druyan Mary Ellen), Aug. 519-20
Expert opinions on nutrition issues in clinical dentistry (Palmer Carole A., Dwyer Johanna, and Clark Ernest R.), Oct. 612-8

— O —

OFFICE MEDICAL EMERGENCIES
Self-perceptions of skill in office medical emergencies (Theisen Frank C., Feil Philip, and Shultz Rudane), Oct. 623-5

OROFACIAL PAIN
Teaching a comprehensive orofacial pain course in dental curriculum (Gonty Arthur A.), June 319-22

ORTHODONTIC EDUCATION
Evaluation of orthodontic education by recent graduates (Brin Ilana, and Ben-Bassat Yocheved), Dec. 743-6

OUTCOMES ASSESSMENT
Introduction: Papers presented at the AADS Pediatric Dentistry Section meeting, San Fransisco, CA, March 13, 1989 (Durr David P.), Mar. 180
Defining and assessing knowledge and skill outcomes in undergraduate pediatric dentistry education (Hanes Carole M.), Mar. 181-3
Defining and assessing affective outcomes in undergraduate pediatric dentistry (Cullen Claire L.), Mar. 184-7
Educational outcomes: Their impact on graduate pediatric dentistry education (Adair Steven M.), Mar. 188-90
Assessment of educational outcomes in pediatric dentistry: A site examiner's perspective (Casamassimo Paul S.), Mar. 191
Outcome measures in dental education—We've only just begun (Morganstein Warren M.), June 308-10

— P —

PATIENTS
Assignment of dental school patients using periodontal treatment need indices (Mubarak Ala, and Gjermo Per), Mar. 213-5
Recruiting college students as patients via a pre-paid preventive dental health plan (Klinghoffer Isla P., and Marchese Ann Marie), Apr. 253-5
Curriculum guidelines for training general practice residents to treat the person with a handicap, May 293-6
Standardized patients for the assessment of dental students' clinical skills (Johnson Judy A., Kopp Kevin C., Williams Reed G.), June 331-3

PEER EVALUATION
Peer evaluation of teaching effectiveness (Winter Mary G., and Kestner Susan G.), Oct. 626-9

PEDIATRIC DENTISTRY
Introduction: Papers presented at the AADS Pediatric Dentistry Section meeting, San Fransisco, CA, March 13, 1989 (Durr David P.), Mar. 180
Defining and assessing knowledge and skill outcomes in undergraduate pediatric dentistry education (Hanes Carole M.), Mar. 181-3
Defining and assessing affective outcomes in undergraduate pediatric dentistry (Cullen Claire L.), Mar. 184-7
Educational outcomes: Their impact on graduate pediatric dentistry education (Adair Steven M.), Mar. 188-90
Assessment of educational outcomes in pediatric dentistry: A site examiner's perspective (Casamassimo Paul S.), Mar. 191

PERSONALITY
The relationship of Bi/Polar personality patterns with self-esteem, stress, and satisfaction in dental school (Mozer James E.), Feb. 153-7

PEW NATIONAL DENTAL EDUCATION PROGRAM
Pew National Dental Education Program: An unfinished agenda (O'Neil, Edward H.), Feb. 100-02

Pew National Dental Education Program: Works in progress (O'Neil, Edward H.), Feb. 103
Initiating change under the Pew National Dental Education Program at the University of California, San Fransisco (Greene, John C., McCauley Kevin R., and Pritchard Hillary K.), Feb. 104-8
Strengthening the education of the general dentist for the 21st century (Formicola Allan J., Marshall Stephen, and Kahn Norman), Feb. 109-14
The Pew National Dental Education Program at the University of Florida College of Dentistry (McNeal Donald R., Mackenzie Richard S., Leo Lewis A., and Legler Donald W.), Feb. 115-22
The development and implementation of a dental school strategic plan (Moreland Ernest F., Hovland Eric J., Morganstein Warren M., and Henry Eleanor M.), Feb. 123-30
Change planning and implementation at Oregon (Van Hassel H.J., and Retzlaff A.E.), Feb. 131-6
Dentistry's future at the University of Southern California (Crawford W.H. Jr.), Feb. 137-48

PHARMACOLOGY
Curriculum guidelines for pharmacology, May 297-303

POSTGRADUATE GENERAL DENTISTRY
Effect of financial incentive on productivity in a postgraduate general dentistry program (Jensen Oivind E., Brunette Phyllis M., and Handelman Stanley L.), Apr. 237-9

PREVENTION
The changing role of prevention in dental education (Lange Brian M., Dunning David G., Sea Graham), Sept. 567-9

PROBLEM-BASED LEARNING
Responding to educational challenges with problem-based learning and information technology (Tedesco Lisa A.), Sept. 544-7
Implementing problem-based learning (Branda Luis A.), Sept. 548-9
Problem-based learning: Does it make a difference? (Ferrier, Barbara M.), Sept. 550-1
Mapping our way through the informational jungle (Durlak Jerome), Sept. 552-6
Catching information technology by the tail for problem-based learning (Vickers John D.), Sept. 557-9
A view from the field: Substantial curriculum reform (Reed Michael J.), Sept. 560-3
On the brink—will dental education be ready for the future? (Neidle Enid A.), Sept. 564-6

PROCEEDINGS, 67th Annual Session
Abstracts of the special meeting on geriatrics, July 474-81
Executive Committee report to the 1990 House of Delegates, July 355-91
Report from the President (Reese Errol), July 392
President-elect's address (DePaola Dominick), July 393-5
Executive director's report (Mumma Richard), July 396-9
Report of the 67th House of Delegates sessions, July 400-7

PROSTHODONTIC PROCEDURES
An analysis of prosthodontic procedures evaluated by state and regional dental licensing boards (Nimmo Arthur, and Johnson Peter), May 279-82

— Q —

QUALITY ASSURANCE
Trends in quality assurance in the dental profession (Marcus Marvin), Apr. 224-7
Quality assurance: One school's response (Wittemann K. Joseph), Apr. 228-9
Quality assurance in a school of dentistry: Getting started (Guba Christianne J.), Apr. 230-2
Where is quality assurance going in dental school curricula (Loupe Michael J.), Apr. 233-6

— R —

ROBERT WOOD JOHNSON DENTAL SERVICES RESEARCH SCHOLARS PROGRAM
The Agency for Health Care Policy and Research: Expanding the opportunities for dental health services research (Maas William R.), Nov. 695-8
Annual meeting participants, Nov. 711-3
Cost-effectiveness of dental implants: A utility analysis (Jacobson J., Maxson B., Mays K., Peebles J., and Kowalski C.), Nov. 688-9
Dental implant patients and their satisfaction with treatment (Tavares Mary, Branch Laurence G., and Shulman Leonard), Nov. 670-9
Development and validation of a consumer quality assessment instrument for dentistry (Johnson Jeffrey D., Scheetz James P., Shugars Daniel A., Damiano Peter C., and Schweitzer Stuart O.), Nov. 644-52
Development of the Geriatric Oral Health Assessment Index (Atchison Kathryn A., Dolan Teresa A.), Nov. 680-6
Factors affecting dentist participation in a state medicaid program (Damiano Peter C., Brown E. Richard, Johnson Jeffery D., and Scheetz James P.), Nov. 638-43
Final Reflections: Origins, goals, and initial outcomes (Keenan Terrance), Nov. 705-6; Final reflections (DiBiaggio John), Nov. 707-8; Final reflections from the program director (White Raymond P. Jr.), Nov. 709-10
First permanent molar restoration differences between those with or without dental sealants (Kuthy Raymond A., Branch Laurence G., and Clive Jonathan M.), Nov. 653-60
Institute of Medicine activities related to the development of practical guidelines (Lohr Kathleen N.), Nov. 699-704
Modeling dental health care workers' risk of occupational infection from bloodborne pathogens (Capiluto Eli, Weinstein Milton C., Orav E. John, and Hemenway David), Nov. 687-8
Professional satisfaction among California general dentists (Shugars Daniel A., DiMatteo M. Robin, Hays Ron D., Cretin Shan, and Johnson Jeffery D.), Nov. 661-9
The role of health services research in developing practice policy: Development of practice guidelines (Crall James J.), Nov. 693-4

Special paper: But, it's not what I expected (Kennedy James E.) Nov. 690-2

ROOT CANALS
Method for constructing standardized simulated root canals (Schulz-Bongert Udo, and Weine Franklin S.), June 328-30

— S —

SMOKING POLICIES
Smoking policies of U.S. dental schools (Cheney H. Gordon), Mar. 216-7

SPECIAL REPORT
Errors in federal report on dental health personnel present problems (Solomon Eric S.), Aug. 499-501

— T —

TEETH
Evaluation of the cutting behavior of a glass-ceramic typodont tooth (Taira Masayuki, Wakasa Kunio, Yamaki Masao, and Matsui Akira), Apr. 244-7
Sterilization of extracted human teeth (Pantera Eugene A., and Schuster George S.), May 283-5

TOBACCO USE
Tobacco use cessation curricula in U.S. dental schools and dental hygiene programs (Fried Jacquelyn L., and Rubinstein-DeVore Linda), Dec. 730-5
Dental school-based continuing education in tobacco use cessation counseling for oral health care providers (Geboy Michael J.), Dec. 736-8

TRAINING
Comparing learning logs and note summaries in a dental research methods course (Knoff Eileen, Rugh John D., and Littlefield John H.), Dec. 724-9
Discrimination training and formative evaluation for remediation in basic waxing skills (Knight G. William, and Guenzel Pamela J.), Mar. 194-8
A comparison of two bur designs for preparation of the proximal box of class II cavities by students (Bloxham Graeme P., Chandler Nicholas P., and Stirling Jennifer A.), May 288-90
Production of artificial lessions for teaching cavity preparation in the phantom head (Treasure Patrick), May 291-2
Method for constructing standardized simulated root canals (Schulz-Bongert Udo, and Weine Franklin S.), June 328-30
Teaching recognition skills to improve products (Knight G. William, Guenzel Pamela J., and Fitzgerald Mark), Dec. 739-42
The transfer effect of leadup activities (Feil Philip, Reed Tom, and Hart John), Oct. 609-11

— W —

WAXING SKILLS
Discrimination training and formative evaluation for remediation in basic waxing skills (Knight G. William, and Guenzel Pamela J.), Mar. 194-8

Author Index
